Albion-Sheridan Township Landfill

Jason El-Zein, On Scene Coordinator, RSI

Denise Jordan-Izaguirre, Regional Rep.- ATSDR

In response to your memorandum dated January 8, 1990, subject as above. I would like to assure you that the surface removal steps that I proposed in my action memo will eliminate the direct threats of exposure to hazardous materials and protect the public health and the environment.

In our telephone conversation, I mentioned that the installation of a gate to restrict road access to the northern boundary of the site and posting of warning signs would be added to the removal actions if, after further investigation, it is deemed necessary.

Your comments and suggestions are appreciated.
